Insights

Highest sales day was **2014-03-01** at R 846 678; lowest was **2016-09-14** at R 20 495.

Average selling price R37.07 vs. average unit cost R36.75 — margin is -3.81% on the current selection.

Elasticity of -11.17 suggests demand is responsive to promotional discounting; combine with the promo margin above to judge profitability.
